**** FOR IMMEDIATE RELEASE ****

JOHN MYRICK, REPUBLICAN CANDIDATE FOR GOVERNOR OF MARYLAND, RESPONDS TO THE GOVERNOR'S STATE OF THE STATE ADDRESS

Lanham, MD – John Myrick, Republican Candidate for Governor of Maryland, commented today on the State of the State address given by Maryland's current Governor today in Annapolis. Myrick commented that, "the address was a Master's class in fabrication, misdirection, and blame. Our Governor failed to take responsibility for any of the issues adversely affecting everyday Marylanders. From his fiscal mismanagement of taxpayer Dollars, to skyrocketing energy costs, to one of the highest tax burdens in the entire country; he barely mentioned any of these issues that are crushing every Marylander under the weight of his inept and abysmally poor policy decisions."

Myrick further stated, "Maryland needs real leadership – leadership that has been sorely lacking from the Governor's Office for the past three years. Maryland deserves more than platitudes and deflection. Maryland deserves real solutions to the very real problems facing every Marylander every single day. We simply cannot afford to have the recklessness and incompetence that we have endured under the current Governor continue beyond this election. Our next Lieutenant Governor, Dr. Brenda J. Thiam, and I have real solutions to Maryland's real problems. We look forward to putting them into practice once elected next November, because Maryland deserves better."
